DECLARATION OF PRIOR INVENTION IN THE UNITED STATES
OF IN A NAFTA OR WTO MEMBER COUNTRY TO
OVERCOME CITED PATENT OR PUBLICATION (37 C.F.R. § 1.131)

Sir:

I declare based on my personal knowledge and/or belief:

- The evidence indicated below shows that subject matter claimed in the above-referenced U.S. patent application (the "Application") was invented at a date prior to the affective date of reference cited to reject such claims (the "Reference"). The Reference is U.S. Patent Application Publication No. 2002/0042915A1, having an earliest possible filing date of October 6, 2000.
- I am a Principal Attorney/Manager for Applicant and have responsibility over the application and related documentation, including invention disclosure forms,
- 3. I am familiar with the following attached document, which is submitted as evidence in support of this declaration:

Attached as Exhibit 1 is a copy of an invention disclosure identified as PMC256. This invention disclosure was prepared in the ordinary course of Applicant's business and is a reliable record of the inventions claimed in the Application.

- 4. Although these may be records of carrier conception, the invention disclosure shows that subject matter of the Application was conceived before the effective filing date of the Reference. [The date on the document has been reflected.]
- 5. Based on my familiarity with the invention claimed in the application, from conception to constructive or actual rejuction to practice, diligence was maintained as to the inventions claimed in the Application.

TIME OF PRESENTATION OF THE DECLARATION

This declaration is submitted after final rejection.

DECLARATION

As a person signing below:

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of the Title 18 of the United States Code, and that such willful statements may jeopardize the validity of the application or any patent issued thereon.
